TOWN OFFICERS

SELECTMEN

Walter Shivik '88 — E. JoAnn Hill '87 — Michael Santosuosso '89

TOWN CLERK

Carol A. Baker — Andrea Condon, Deputy

TREASURER

Theodore Morse '87

COLLECTOR OF TAXES

Carol A. Baker — Andrea Condon, Deputy

SUPERVISORS OF THE CHECK LIST

Gary Crosby '90 — A.J. Harlow — Pamela Noon

MODERATOR

Horace Cressy

HIGHWAY AGENT

John Santosuosso '87

AUDITORS

TRUSTEES OF THE TRUST FUND

Albert Gray — Vincent Early — Charles Dennett

TRUSTEES OF THE CEMETERY

Albert Gray — Vincent Early

TRUSTEE OF THE LIBRARY

Linda Blair '88 — Martha Anderson '86 — Madellene Burrell '87

POLICE

Wayne Theriault, Chief — Michael Frost — Don Chase

David Perreault

BUDGET COMMITTEE

Ernest Bonah — Lutz Wallem — Vincent Early

OVERSEER OF THE POOR

Walter Shivik

STATE FOREST FIRE WARDEN

John Gamble — Albert Gray, Deputy

FIRE CHIEF

John Gamble, Acting Chief

HEALTH OFFICER

Walter Shivik

BUILDING INSPECTOR

Alexander Macaulay

LIBRARIAN

CIVIL DEFENSE DIRECTOR

Michael Santosuosso, Director — Donald Morse, Assistant Director

PLANNING BOARD

Lawrence Baker '88 - Co Chairman — Gerry Riecks '88 - Co-Chairman

Peter Bryant '87 — Ilsa O. Briggs '89 — E. JoAnn Hill Selectmens Rep.

APPEALS BOARD

Nancy Dixon '90 — Phyllis Butt '86 — Cornella Courtney '87

Robert Nelson '88, Chrm. — Vitold Wallace '89

Alternates' Donald Currier, Michael Santosuosso, Francis Perrault

CONSERVATION COMMITTEE

Peter Stackhouse '87 — Mary Mertinooke '87 — William Donovan '88

Albert Eaton '89 — Ellen Cressy, Consultant on Legislative affairs

WARRANT FOR THE ANNUAL TOWN MEETING
State of New Hampshire

To the inhabitants of the Town of South Hampton in the County of Rockingham in said State, qualified to vote in Town affairs:

You are hereby notified to meet at the Town Hall in said Town on Tuesday, the 10th of March at one o'clock in the afternoon to act on Articles 1,2,3, and 4.

You are also hereby notified to meet at the Town Hall in said Town on Wednesday, March 11th at seven-thirty in the evening to act on Article 5 and all subsequent articles.

1. To choose all necessary Town Officers for the year ensuing.
2. To see if the Town will vote to authorize the Planning Board to review, and approve or disapprove Site Plans for the development of tracts for non-residential uses, or for multifamily dwelling units, as authorized by N.H. RSA 674:43; to direct the Planning Board to adopt Site Plan review regulations as authorized by N.H. RSA 674:44.
3. To see if the Town will vote to authorize the Planning Board to prepare and subsequently amend a recommended program of municipal capital improvement projects, projected over a period of at least six years and to aid the Board of Selectmen in their consideration of the annual budget, all as authorized by N.H. RSA 674: 5-8.
4. Shall the Town adopt the following changes to the South Hampton Zoning and Subdivision Regulations in order to comply with changes in State statutes and clarify existing regulations as recommended by the Rockingham Planning Commission and the South Hampton Planning Board.

ARTICLE 4

Shall the town adopt the following changes to the South Hampton Zoning and Subdivision regulations in order to comply with changes in state statures and clarify existing regulations as recommended by the Rockingham Regional Planning Commission and the So Hampton Planning Board.

Amend ARTICLE III-2-c of the Zoning regulations to read.
All dwellings and buildings in private or public use shall be equipped with sewage AND WATER systems which meets of exceeds the specifications of the New Hampshire Water Supply and Pollution Control Commission. All sewage systems must be approved by the New Hampshire Water Supply and Pollution Control Commission. A separate permit for said sewage AND/OR WATER system must also be obtained from the Town Health Officer. A fee of fifteen dollars($15.00) shall accompany each application for permit. IF BOTH PERMITS ARE APPLIED FOR AT THE SAME TIME THERE WILL ONLY BE ONE FEE.

Amend ARTICLE III-4 of the Zoning regulations to read.
All gasoline AND FUEL OIL storage shall comply with the New Hampshire State Law regarding storage.

Amend ARTICLE III-6 of the Zoning regulations to read.
Any uses of property that are obnoxious, AND/OR accompanied by the emission of odor, smoke, refuse matter, dust, fumes, or noise shall be prohibited.

Amend ARTICLE III-16-a of the Zoning regulations to read.
No new or additional dwelling unit or other building shall be occupied as a residence or place of employment until AN OCCUPANCY PERMIT IS issued by the building inspector upon finding that the structure in question meets all applicable requirements of the building code. Except in dwellings, such permit should be permanently posted inside near the entrance and shall indicate any limitation on floor loading or number of people to be permitted inside at any one time. A fee of five dollars($5.00) shall be paid to the building inspector at the time of application for such a permit.

Amend ARTICLE IV-A-2 of the Zoning regulations to read.
One single family dwelling per lot INCLUDING MANUFACTURED HOUSING THAT MEETS ALL OF THE OTHER PROVISIONS OF THIS ORDINANCE.

Amend ARTICLE IV-A-6 of the Zoning regulations to read.
A single family residence, SUBJECT TO THE TIME LIMITATIONS SPECIFIED IN RSA 674:39, may be constructed on a lot of record at the time this ordinance OR ANY SUBSEQUENT AMENDMENTS becomes effective, regardless of the area or width of the lot, provided that the owner owns or has an interest in no adjacent land which could be combined with such lot to meet the minimum requirement of this ordinance, and provided that necessary approvals for on site water supply and sewerage disposal systems have been obtained.

Amend ARTICLE V-A-7 of the Zoning regulations to read.
Manufactured housing on individually owned lots.

Amend ARTICLE VII-A-1 of the Zoning regulations to read.
To prevent the development of structures and land uses on naturally occurring wetlands which will contribute to pollution of surface and ground water by sewage or TOXIC SUBSTANCES.

Amend ARTICLE IX-A of the Zoning regulations.
ADD TAX MAP REFERENCE NUMBERS TO THE END OF THE ARTICLE.
Tax map reference; Page 2-20, 21, 23, 24, 25, 45, 46, 47, 48, 71, 72, and 73.

Amend ARTICLE IX-B of the Zoning regulations.
ADD TAX MAP REFERENCE NUMBERS TO THE END OF THE ARTICLE.
Tax map reference: Page 6-7, 8, 9, 10, 11, 12, 13, 14, 15, 16, 17, 18, 19, 20, 36, 37, 39, and 40.

Amend ARTICLE IX-C of the Zoning regulations to read.
JEWELL TOWN: bounded as follows: Properties now or formerly of Coffin, Merrill, Oldak, Amsler, Miller, and Rice on Jewell street and a portion of Capp on West Whitehall Road. TAX MAP REFERENCE; PAGE 2-12, 14, 75, 76, 77, 78, AND 81.

Amend ARTICLE IX-D of the Zoning regulations to read.
CURRIERVILLE: bounded as follows: Properties now or formerly of Currier Heirs, Strickland, Verge, Riecks, and Dodge on Hilldale Avenue. TAX MAP REFERENCE; PAGE 1-4, 6, 44, 45, AND PAGE 4-56.

Amend ARTICLE XV of the Zoning regulations to read.
Whoever violates any provision of this ordinance shall be punished by a fine not exceeding ONE HUNDRED DOLLARS($100.00) for each day of such violation after due notice has been received. ENFORCEMENT SHALL BE THE RESPONSIBILITY OF THE SELECTMEN.

Add Article XVIII to the Zoning regulations.

XVIII. FLOOD PLAIN DISTRICT

The following regulations shall apply to all lands designated as special flood hazard areas by the Federal Emergency Management Agency FEMA in its Flood Hazard Boundary Map (FHBM) for the Town of South Hampton, New Hampshire, dated February 28, 1975, and amendments to that map or Flood Insurance Rate Maps (FIRM) and Flood Boundary and Floodway Maps that may result from a Federal Emergency Management Flood Insurance Study. All such maps are declared to be a part of this ordinance.

All lands designated Special Flood Hazard Area in the FEMA map of February 28, 1975, are hereby declared to be Zone A for purposes of this ordinance unless and until further refinements of the areas have been completed by FEMA. Reference is made to the definitions given in Item I.

A. Definition of Terms:

"Area of shallow flooding" means a designated| AO, AH, or VO zone on a community's Flood Insurance Rate Map (FIRM) with a one percent or greater annual chance of flooding to an average depth of one to three feet where a clearly defined channel does not exist, where the path of flooding in unpredictable and where velocity flow may be evident. Such flooding is characterized by ponding or sheet flow.

"Area of special flood hazard" is the land in the flood plain within a community subject to a one percent or greater chance of flooding in any given year. The area may be designated as Zone A on the FHBM. After detailed rate making has been completed in preparation for publication of the FIRM, Zone A usually is refined into Zones A, AO, AH, A1-A30, A, A99, VO, or V1-30, VE, or V.

"Base flood" means the flood having a one percent chance of being equaled or exceeded in any given year.

"Basement" means any area of the building having its floor subgrade (below ground level) on all sides.

"Building"--see "structure."

"Development" means any man-made change to improved or unimproved real estate, including but not limited to buildings or other structures, mining, dredging, filling, grading, paving, excavation or drilling operations.

"Flood" or "Flooding" means: A general and temporary condition of partial or complete inundation of normally dry land areas from:

1. The overflow of inland or tidal waters.

2. The unusual and rapid accumulation or runoff of surface waters from any source.

"Flood Boundary and Floodway Map" (FLOODWAY) is an official map of the community, on which the Federal Emergency Management Agency has delineated the "Regulatory Floodway". This map should not be used to determine the correct flood hazard zone or base flood elevation, the Flood Insurance Rate Map (FIRM) will be used to make determinations of flood hazard zones and base flood elevations.

"Flood elevation study" means an examination evaluation and determination of flood hazards and, if appropriate, corresponding water surface elevations, or an examination, evaluation and determination of mudslide (i.e., mudflow) and/or flood-related erosion hazards.

"Flood Hazard Boundary Map" (FHBM) means an official map of a community, issued by the Federal Emergency Management Agency, where the boundaries of the flood, mudslide (i.e., mudflow) related erosion areas having special hazards have been designated as Zones A, M, and/or E.

"Flood Insurance Rate Map" (FIRM) means an official map of a community, on which the Federal Emergency Management Agency has delineated both the special hazard areas and the risk premium zones applicable to the community.

"Flood Insurance Study" see "flood elevation study."

"Flood plain" or "flood-prone area" means any land area susceptible to being inundated by water from any source (see definition of "flooding").

"Flood proofing" means any combination of structural and non-structural additions, changes, or adjustments to structural and non-structural additions, changes, or adjustments to structures which reduce or eliminate flood damage to real estate or improved real property, water and sanitary facilities, structures and their contents.

"Floodway"--see "regulatory floodway."

"Functional dependent use" means a use which cannot perform its intended purpose unless it is located or carried out in close proximity to water. The term includes only docking facilities, port facilities that are necessary for the loading and unloading of cargo or passengers, and ship building and ship repair facilities, but does not include long-term storage or related manufacturing facilities.

"Highest adjacent grade" means the highest natural elevation of the ground surface prior to construction next to the proposed walls of a structure.

"Lowest Floor" means the lowest floor of the lowest enclosed area (including basement). An unfinished or flood resistant enclosure, usable solely for parking of vehicles, building access or storage in an area other than a basement area is not considered a building's lowest floor: Provided, that such enclosure is not built so as to render the structure in violation of the applicable non-elevation design requirements of this ordinance.

"Mean sea level" means, for purposes of the National Flood Insurance Program, the National Geodetic Vertical Datum (NGVD) of 1929 or other datum, to which base flood elevations shown on a community's Flood Insurance Rate Map are referenced.

"Manufactured home" means a structure, transportable in one or more sections, which is built on permanent chassis and is designed for use with or without a permanent foundation when connected to the required utilities. For flood plain management purposes the term "manufactured home' also includes park trailers, travel trailers, and other similar vehicles placed on a site for greater than 180 consecutive days. For insurance purposes the term "manufactured home" does not include park trailers, travel trailers, and other similar vehicles.

"Manufactured home park or subdivision" means a parcel (or contiguous parcels) of land divided into two or more manufactured home lots for rent or sale.

"100-year flood_ see "base flood."

"Regulatory floodway" means the channel of a river or other watercourse and the adjacent land areas that must be reserved in order to discharge the base flood without cumulatively increasing the water surface elevation more than one foot at any point. These areas are designated as floodways on the Flood Boundary and Floodway Maps.

"Riverine" means relating to, formed by, or resembling a river (including tributaries), stream, brook, etc..

"Special flood hazard area" means an area having special flood, mudslide (i.e., mudflow) and/or flood-related erosion hazards, and shown on an FHBM or FIRM as Zone A, AO, A1-30, AE, A99, AH, VO, V1-30, VE, V, M or E. (See Area of Special Flood Hazard)

"Structure" means for floodplain management purposes, a walled and roofed building, including a gas or liquid storage tank, that is principally above ground, as well as a manufactured home.

"Start of Construction" includes substantial improvement, and means the date the building permit was issued, provided the actual start of construction, repair, reconstruction, placement, or other improvement was within 180 days of the permit date. The actual start means either the first placement of permanent construction of a structure on a site, such as the pouring of slab or footings, the installation of piles, or construction of columns, or any work beyond the stage of excavation; or the placement of a manufactured home on a foundation. Permanent construction does not include land preparation, such as clearing, grading and filling; nor does it include the installation of streets and/or walkaways; or does it include excavation for a basement, footings, piers, or foundations or the erection of temporary forms; not does it include the installation on the property of accessory buildings, such as garages or shed not occupied as dwelling units or not part of the main structure.

"Substantial improvement" means any combination of repairs, reconstruction, alteration, or improvements to a structure in which the cumulative cost equals or exceeds fifty percent of the market value of the structure. The market value of the structure should be (1) the appraised value of the structure prior to the start of the initial repair or improvement, or (2) in the case of damage, the value of the structure prior to the damage occurring. For the purposes of this definition, "substantial improvement" is considered to occur when the first alteration of any wall, ceiling, floor, or other structural part of the building commences, whether or not that alteration affects the external dimensions of the structure. The term does not, however, include any project for improvement of a structure required to comply with existing health, sanitary, or safety code specifications which are solely necessary to assure safe living conditions or any alteration of a structure listed on the National Register of Historic Places.

"Water surface elevation" means the height, in relation to the National Geodetic Vertical Datum (NGVD) of 1929, (or other datum, where specified) of floods of various magnitudes and frequencies in the flood plains of coastal or riverine areas.

B. All proposed development in any special flood hazard areas shall require a permit.

C. The Building Inspector shall review all building permit applications for new construction or substantial improvements to determine whether proposed building sites will be reasonably safe from flooding. If a proposed building site is in a flood-prone area, all new construction and substantial improvements shall (i) be designed (or modified) and adequately anchored to prevent flotation, collapse, or lateral movement of the structure resulting from hydrodynamic and hydrostatic loads, including the effects of buoyancy, (ii) be constructed with materials resistant to flood damage, (iii) be constructed by methods and practices that minimize flood damages, and (iv) be constructed with electrical, heating, ventilation, plumbing, and air conditioning equipment and other service facilities that are designed and/or located so as to prevent water from entering or accumulating within the components during conditions of flooding.

D. Where new and replacement water and sewer systems (including on-site systems) are proposed in floodprone areas the applicant shall provide the Building Inspector with assurance that new and replacement sanitary sewage systems will be designed to minimize or eliminate infiltration of flood waters into the systems and discharges from the systems into flood waters, and on-site waste disposal systems will be located to avoid impairment to them or contamination from them during periods of flooding.

E. The Building Inspector shall maintain for public inspection, and furnish upon request, any certification of flood-proofing and the as built elevation (in relation to mean sea level) of the lowest floor (including basement) of all new or substantially improved structures, and include whether or not such structures contain a basement. If the structure has been floodproofed, the as built elevation (in relation to mean seal level) to which the structure was floodproofed. This information must be furnished by the applicant.

F. The Building Inspector shall review proposed developments to assure that all necessary permits have been received from those governmental agencies from which approval is required by Federal or State law, including Section 404 of the Federal Water Pollution Control Act Amendments of 1972, 33 U.S.C. 1334. It shall be the responsibility of the applicant to certify these assurances to the Building Inspector.

G. In riverine situations, prior to the alteration or relocation of a watercourse, the applicant for such authorization shall notify the Wetlands Board of the New Hampshire Environmental Services Department and submit copies of such notification to the Building inspector. Further, the applicant shall be required to submit copies of said notification to those adjacent communities as determined by the Building Inspector.

Within the altered or relocated portion of any watercourse, the applicant shall submit to the Building Inspector, certification provided by a registered professional engineer assuring that the flood carrying capacity of the watercourse has been maintained.

Along watercourses that have a designated Regulatory Floodway no encroachments, including fill, new construction, substantial improvements, and other development are allowed within the designated Regulatory Floodway that would result in any increase in flood levels within the community during the base flood discharge. In Zone A the Building Inspector shall obtain, review, and reasonably utilize any floodway data available from a Federal, State, or other source as criteria for requiring that development meet the floodway requirements of this section.

Along watercourses that have not had a regulatory floodway designated, no new construction, substantial improvements or other development (including fill) shall be permitted within Zones A1-30 and AE on the FIRM, unless it is demonstrated that the cumulative effect of the proposed development, when combined with all other existing and anticipated development, will not increase the water surface elevation of the base flood more than one foot at any point within the community.

H.

1. In special flood hazard areas the Building Inspector shall determine the 100 year flood elevation in the following order of precedence according to the data available:

   a. In Zones A1-30, AH, AE, V1-30 & VE refer to the elevation provided in the communities Flood Insurance Study and accompanying FIRM or FHBM.

   b. In unnumbered A zones the Building Inspector shall obtain, review, and reasonably utilize any 100 year flood elevation data available from Federal, State, development proposals submitted to the community (example sub-divisions, site approvals, etc.) or other source.

   c. In Zone AO the 100 year flood elevation is determined by adding the elevation of the highest adjacent grade to the depth number specified on the FIRM or if no depth number is specified on the FIRM at least two feet.

2. The Building Inspector's 100 year flood elevation determination will be used as criteria for requiring in Zones A1-30, AE, AH, AO, and A that:

   a. All new construction and substantial improvements of residential structures have the lowest floor (including basement) elevated to or above the 100 year flood level;

   b. That all new construction and substantial improvements of non-residential structures have the lowest floor (including basement) elevated to or above the 100 year flood level; or together with attendant utility and sanitary facilities, shall:

      (i) be floodproofed so that below the 100 year flood elevation the structure is watertight with walls substantially impermeable to the passage of water;

      (ii) have structural components capable of resisting hydrostatic and hydrodynamic loads and the effects of buoyancy; and

      (iii) be certified by a registered professional engineer or architect that the design and methods of construction are in accordance with accepted standards of practice for meeting the provisions of this section;

c. all manufactured homes to be placed or substantially improved within special flood hazard areas shall be elevated on a permanent foundation such that the lowest floor of the manufactured home is at or above the base flood level; and be securely anchored to resist flotation, collapse, or lateral movement. Methods of anchoring may include, but are not limited to, use of over-the-top or frame ties to ground anchors. This requirement is in addition to applicable state and local anchoring requirements for resisting wind forces;

d. for all new construction and substantial improvements, fully enclosed areas below the lowest floor that are subject to flooding are permitted providing the enclosed areas meet the following requirements: (1) the enclosed area is unfinished or flood resistant, usable solely for parking of vehicles, building access or storage; (2) the area is not a basement; (3) shall be designed to automatically equalize hydrostatic flood forces on exterior walls by allowing for the entry and exit of floodwaters. Designs for meeting this requirement must either be certified by a registered professional engineer or architect or must meet or exceed the following minimum criteria: A minimum of two openings having a total net area of not less than one square inch for ever square foot of enclosed area subject to flooding shall be provided The bottom of all openings shall be no higher than one foot above grade. Openings may be equipped with screens, louvers, or other coverings or devices provided that they permit the automatic entry and exit of floodwaters;

e. proposed structures to be located on slopes in Special Flood Hazard Areas, Zones AH and AD, shall include adequate drainage paths to guide flood waters around and away from the proposed structures.

Amend ARTICLE XVI of the Zoning regulations to read.
This ordinance OR ANY SUBSEQUENT AMENDMENTS shall take effect immediately upon its passage.

Amend the Subdivision regulations to add new Section V-S.
S. WATER HOLES AND DRY HYDRANTS:

1. A subdivision plan of 5 to 9 house lots shall provide for a water supply of no less then 10,000 gallons of water the year around which, connected to a hydrant, will provide for such water supply within 1,200 feet of each dwelling unit measured along a road.

2. A subdivision plan of 10 or more house lots shall provide for a water supply of no less then 1,000 gallons of water per minute for a period of not less than one hour the year around which, connected to a system of hydrants, will provide for such water supply within 1,500 feet of each dwelling unit measured along a road.

a. Dry hydrants shall be installed as directed by the Chief of the South Hampton Fire Department. They shall be equipped with a steamer device and cap, and such hydrants shall be constructed in such a manner as to insure that the water level in the pipe is below the frost level. There shall be a paved roadway from the hydrant to the nearest right of way, and a paved parking area adjacent to the hydrants which will allow the parking of at least one fire vehicle. Water holes shall be fenced where appropriate in the judgment of the Selectmen.

b. In the event that provision of such a water supply is not physically possible on the land of the subdivider and an arrangement can be made by utilizing water resources off the property, the subdivider may do so. The subdivider shall bear all costs, legal and otherwise, of such arrangements. The Planning Board and Selectmen shall use their good offices to persuade others of the advantages of such arrangements, but in no case shall the power of eminent domain be utilized.

c. It shall be the responsibility of the subdivider to bear the cost of any equipment, apparatus, or construction which may be incurred under this regulation. All land areas and equipment or apparatus may upon completion and installation of such equipment and apparatus be offered for transfer to the Town of South Hampton, and the subdivider shall execute in manner and form prescribed by the Chairman of the Planning Board the instruments necessary to effect a transfer.

5. To raise such sums of money as may be necessary to defray Town charges for the ensuing year and to make appropriations for the same.
6. To see if the Town will vote to authorize the Selectmen to make application for and receive and spend in the name of the Town, such advances, grants-in-aid, or other funds for Town purposes as may or hereafter be forthcoming from Federal, State, local or private agencies that would be of benefit to the town.
7. To see if the Town will authorize the Selectmen to hire money in anticipation of taxes.
8. To see if the Town will vote to authorize the Selectmen to administrate, sell, or otherwise dispose of any real estate acquired by Tax Collector's Deed, any sale to be either by private sale to previous owner, or by public auction with the Selectmen retaining the right to reject any or all bids.
9. To see if the Town will appropriate the sum of $4,000.00 for Town Hall improvements.
10. To see if the Town will join the Rockingham Planning Commission and appropriate the sum of $455.70 for this purpose.
11. To see if the Town will vote to raise and appropriate the sum of $203.00 for the support of the Rockingham County Community Action Program, Inc.
12. To see if the Town will vote to raise and appropriate the sum of $500.00 for the support of Rockingham Child and Family Services.
13. To see if the Town will vote to accept and expend the Highway Block Grant in the amount of $11,024.01 for the maintenance and upgrading of Town Roads.
14. To see if the Town will appropriate the sum of $1,200.00 to establish a permanent residence numbering system for mail delivery and authorize the withdrawal of the amount from the Federal Revenue Sharing Fund.
15. Shall we adopt the provisions of N.H. RSA 72:1c which authorize any town or city <u>not</u> to assess, levy and collect a resident tax?
16. To see if the Town will vote to raise and appropriate the sum of $2000.00 to provide for legal expenses with regard to the adequacy of off-site emergency planning.

17. To see if the Town will vote to allow the Selectmen to dispose of surplus Town property.

18. To see if the Town will vote to instruct the moderator to appoint three citizens to serve on a special unpaid committee to be known as the Regional Refuse Disposal Planning Committee for the purpose of studying the advisability of establishing a regional refuse disposal district and drawing up a proposed agreement therefore as authorized by RSA 53:B.

19. To see if the Town will raise and appropriate the sum of $977.00 for the purpose of meeting the expense of the Regional Refuse Disposal Planning Committee established in Article 18.

20. To see if the Town will vote to protect the health and safety of all residents by directing town public safety officials to ensure that town emergency plans take into consideration the operation of Seabrook Station, providing that the cost of these plans will be borne by the Seabrook owners through existing agreements with the State of New Hampshire. These plans shall be developed regardless of any decision to reduce the official Emergency Planning Zone around Seabrook Station; nor shall such authorization, if approved, be construed to mean acceptance or approval of the Seabrook Station or any of its Emergency Planning developed without the participation of representative South Hampton residents.

21. To see if the Town will vote to instruct the town's representatives to the General Court to take all necessary measures to insure that no low level radioactive waste from the Seabrook nuclear plant shall be stored or disposed of within the Town of South Hampton unless and until the proposed site of the proposed storage or disposal has been approved by the voters of the town at the annual Town Meeting by written ballot.

By petition of Peter Shoukimas and eleven other registered voters

22. To see if the Town will enact an ordinance that prohibits the erection of high voltage power line (above 100 Kv) towers over 50 feet in height in any of its Historic Districts, or the passage of high voltage power lines through such districts, or the ereection of such poles and wires in a location with will, according to the Historic District Commission, visually impact

such districts.

Further, a fine of $500.00 a day will be assessed against any party or parties erecting such a structure or lines. Such fine will be levied starting one week from notification of such parties by the Historic District Commission that a violation has occured.

By petition of Fredrick H. Anderson,Jr. and sixteen other registered voters.

23. To see if the Town will select Budget Committee members by Town Meeting vote as authorized in N.H. RSA 32:2

24. To transact any other business that may legally come before this meeting.

, Chairman

Selectmen of South Hampton

ANNUAL TOWN MEETING
SOUTH HAMPTON, N.H.
March 11th & 12th, 1986

At a legal meeting of the inhabitants of the Town of South Hampton, in the County of Rockingham, in the State of New Hampshire, qualified to vote in Town affairs, held on March 11th, 1986 at the South Hampton Town Hall, the following business was transacted:

The Town Warrant was read by Moderator Horace Cressy. Donald Currier moved that the polls be opened, seconded by Helen Smith and so voted. Ballot Clerks for the election day were Francis Smith and Pam Noon. A total of 146 votes were cast out of 542 registered voters. Polls opened at 1:02 p.m and closed at 8:00 p.m.

ARTICLE I - Town Officers were elected as follows:

Moderator, 2 yrs., Horace Cressy, 132 votes, elected
Supervisor of Checklist, 6 yrs., Anna J. Harlow, 4 write-in votes. elected
Supervisor of Checklist, 6 yrs., Donald Currier, 3 write-in votes
Selectman, 3 yrs., Michael Santosuosso, 3 yrs., 120 votes, elected
Tax Collector, 3 yrs., Carol A Baker, 139 votes, elected
Treasurer, 1 yr., Theodore Morse, Jr., 124 votes, elected
Auditor, 1 yr., Lutz Wallem, 7 write-in votes
Auditor, 1 yr., Robert Fraser, 6 write-in votes
Auditor, 1 yr., Peter Bryant, 5 write-in votes
Auditor 1 yr., Earnest Bonah, 5 write-in votes
Highway Agent, 1 yr., John Santosuosso, 119 votes, elected
Trustee of Trust Fund, 3 yrs., 128 votes, elected
Trustee of the Cemeteries, 1 yr., Vincent H. Early, 120 votes, elected
Trustee of the Cemeteries, 1 yr., Albert E. Gray, 130 votes, elected
Trustee of the Library, 3 yrs., Martha E. Anderson, 132 votes, elected
Constable, 1 yr., John Santosuosso, 111 votes, elected

School District Officers were elected as follows:

Moderator, 1 yr., Horace Cressy, 133 votes, elected
School Clerk, 1 yr., Audrey G. Brunet, 139 votes, elected
School Board Member, 3 yrs., Pat Hesselbach, 75 write-in votes, elected
School Treasurer, 1 yr., Nancy F. Dixon, 138 votes, elected

ARTICLE II - Shall we adopt the provisions of RSA 72:37 for the exemption for the blind from property tax? This statute provides that every inhabitant who is legally blind shall be exempt each year from the property tax on a residence to the value of $15,000. Yes 91, No 14.

ARTICLE III - Shall the Town adopt the following changes to the South Hampton Zoning Ordinance in order to comply with changes in State Statutes and clarify existing regulations as recommended by the Rockingham Planning Commission and South Hampton Planning Board:

III. General Provisions

1. Subsection 1, paragraph 2 - pertaining to fee changes. Yes 106, No 28

2. Subsection 2 - Delete paragraphs a and b. Subsection 2. paragraph c - addition of BOCA Code. Yes 112, No 16

3. Subsection 2. paragraph f - pertaining to sewage systems. Yes 116, No 18

4. Subsection 9 - pertaining to frontage requirements. Yes 118. No 20

5. Subsection 15. paragraph b - pertaining to lot dimensions within steep slope district. Yes 108, No 30

6. Subsection 16 - pertaining to extraction of natural water resources. Yes 104, No 25

7. Subsection 17, addition b - inspection by a licensed plumber, electrician, or engineer. Yes 98, No 39

VII. Wetland Conservation District

8. Section B - addition to paragraph pertaining to Wetland Overlay Map. Yes 115, No 17

9. Renumbering of Articles. Yes 111, No 11

Do you vote to accept the following changes in the South Hampton Land Subdivision Control Regulations:

10. Section V - streets not to provide frontage to land of neighboring municipality. Yes, 111, No 21

11. Section V, Subsection L - off-street parking. Yes 121, No 7

12. Section V. Utilities - sewage system setback. Yes 117. No 13

13. Section X - add Land Use Boards. Yes 98, No 18

14. Section XI. Variances - replace "Board" with Zoning Board of Adjustment, Yes 115, No 10

15. Change numbering. Yes 120, No 10

Sworn in at open meeting by the Moderator were: Michael Santosuosso as Selectman, John Santosuosso as Highway Agent and Constable. and Carol A Baker as Tax Collector. Horace Cressy, Moderator, was sworn in by the Town Clerk.

The following evening on March 12th, Moderator Horace Cressy called the meeting to order at 7:34 p.m. Fire Chief Ed Condon led the Townspeople in the Salute to the Flag. The remaining articles were voted on as follows:

ARTICLE IV - The Moderator read the article - "To raise such sums of money as may be necessary to defray Town charges for the ensuing year and to make appropriations for the same." Mike Santosuosso, Selectman, moved that we accept $113,810, seconded by Lutz Wallem. Mike went over the budget line-by-line. Ed Condon amended the Fire Department Budget to read $10,900, seconded by Paul Morris. Ed explained that since the Budget Meeting the '57 Mack Fire Truck "died." It has a major mechanical problem that he does not feel would be worth putting money into. Thru John Gamble and Knight Oil, they can purchase an 1800 gal. oil truck for $2,000 and convert it to a water tank truck for the Town at a cost of $1,000. The amendment was voted and passed.

John Santosuosso itemized the Highway Department Budget. Walter Shivik explained the amount budgeted for General Assistance (usually for fuel) and Old Age Assistance - Town's share of cost for two residents in the County Nursing Home.

Martha Anderson, Library Trustee, amended the Library Budget to $3,940. as recommended by the Budget Committee, seconded by Bill Courtney. The amendment was voted and passed.

Mike Santosuosso moved that Article IV, which now reads $114,310 as amended, be accepted, seconded by Lutz Wallem. It was voted in the affirmative.

ARTICLE V - "To see if the Town will vote to authorize the Selectmen to make application for and receive and spend in the name of the Town, such advances, grants-in-aid, or other funds for Town purposes as may or hereafter be forthcoming from Federal, State, local or private agencies that would be of benefit to the Town." JoAnn Hill, Selectman, moved to accept the article as read, seconded by John Santosuosso and so voted.

ARTICLE VI - "To see if the Town will authorize the Selectmen to hire money in anticipation of taxes." JoAnn Hill moved that the article be accepted as read, seconded by Ed Condon and voted in the affirmative.

ARTICLE VII -"To see if the Town will vote to authorize the Selectmen to administrate, sell, or otherwise dispose of any real estate acquired by Tax Collector's Deed, any sale to be either by private sale to previous owner, or by public auction with the Selectmen retaining the right to reject any or all bids." JoAnn Hill moved that the article be accepted as read, seconded by John Santosuosso and so voted.

ARTICLE VIII - The Moderator read article "To see if the Town will vote to accept and expend the Highway Block Grant in the amount of $9,668.65 for the maintenance and upgrading of Town Roads." John Santosuosso moved the article seconded by Paul Morris. It was voted in the affirmative.

ARTICLE IX - "To see if the Town will appropriate the sum of $4000. for Town Hall improvements." Walter Shivik, Selectman, moved that the article be adopted as read, seconded by Mike Santosuosso. Walter explained that he received a quote $2,000. for two modene heaters to replace the radiators in the Town Hall. The other expense is the stage heating which would be $1,100. for a heavy-duty radiator along the back wall. There were several negative comments on the modene heaters. Walter mentioned that heavy-duty radiators could be used in the hall area but it would be considerably more expensive. The Moderator suggested bringing up the type of heating desired at the end of the meeting. The article was voted in the affirmative.

ARTICLE X - "To see if the Town will appropriate and authorize the withdrawal from the Revenue Sharing Fund the sum of $9,000. to replace the Town Hall roof." Mike Santosuosso moved that the article be accepted as read by the Moderator, seconded by Ed Condon. Mike explained that there was no one interested in bidding on doing half the roof last year but felt there would be bids on the whole roof. The article was voted in the affirmative.

ARTICLE XI - "To see if the Town will join the Rockingham Planning Commission and appropriate the sum of $458.50 for this purpose." Walter Shivik moved that the article be adopted as read by the Moderator seconded by Bill Courtney. Walter explained that the Commission provides assistance with planning and zoning problems and has also printed our Zoning Ordinance at a cost of 2 cents a page. The article was voted in the affirmative.

ARTICLE XII - "To see if the Town will vote to raise and appropriate the sum of $69. for the support of the Rockingham Community Action Program." Mike Santosuosso moved that $69. be appropriated for this article, seconded by Fred Kozacka. Mike explained that the actual amount for this article is $257. - due to an oversight last year, this was paid twice so we have a credit. Walter explained that the Program provides, through Federal and State grants, assistance to low-income residents with fuel, weatherization and home repairs. The article was voted in the affirmative.

ARTICLE XIII - "To see if the Town will vote to raise and appropriate the sum of $500. for the support of Rockingham Child & Family Services." Walter Shivik made a motion to adopt the article as read, seconded by Ed Condon. Walter explained that they provide counseling for families and charge according to income. The article was voted in the affirmative.

ARTICLE XIV - "To see if the Town will vote to appropriate the sum of $4,500 to do drainage improvements at the intersection of Jewell

Street and West Whitehall Road. The sum of $1,500. to be raised by the Town and $3,000. by the State of New Hampshire." John Santosuosso moved that $4,500. ($1,550. to be raised by the Town and $3.000. by the State) be approved for this article, seconded by Ed Condon. John explained the work that needs to be done and that the State would pay their share. The article was voted in the affirmative.

ARTICLE XV - "To see if the Town will vote to raise and appropriate the sum of $4,000. to retain the services of Robert Backus, Attorney at Law, to represent the Town with regard to the adequacy of off-site emergency planning (Radiological Emergency Response Plan)." Walter Shivik moved that the article be adopted as read, seconded by Lee Knapp. Walter summarized the court case in Exeter and explained that South Hampton and Hampton Falls filed as interveners in the case as we had similar articles in our Town Meetings. The Judge ruled that the plans can be brought before Town Meeting but the Town cannot vote to prohibit the implementation of the plan. The Judge also said, in matters of Civil Defense, Town Officers are State Officers. The Towns are considering whether the decision in this case should be appealed in terms of the fact of whether the Selectmen can be characterized as State Officers. Also, we have filed contention with the Nuclear Regulatory Commission as to why the Plan will not work in South Hampton. We must have an attorney present at the hearings in order to be heard. The Budget Committee was asked why they did not recommend $3,000. for this article and they explained that they did not have all the information at the time of the Budget Hearing. The article was voted in the affirmative.

ARTICLE XVI - "To see if the Town will vote to appropriate the sum of $50,000. for the renovation of the fire station into a library, monies to be raised as follows: $25,000. from the Library Construction and Services Act, $14,000. from Trust Funds, $11,000. from Friends of the Library Building Funds, donations and pledges. These monies will be raised at no cost to the Town." Martha Anderson, Library Trustee, moved that the article be approved as read, seconded by Ed Condon. The article was voted in the affirmative.

ARTICLE XVII - "To see if the Town will vote to allow the Selectmen to dispose of surplus Town property." Mike Santosuosso moved that the article be accepted as read, seconded by Ed Condon. The article was voted in the affirmative.

ARTICLE XVIII - "To see if the Town will vote to raise and appropriate the sum of $2,000. as their share of the budgeted 1986 costs associated with the Southeastern Rockingham County Sanitary/Solid Waste Management District (SERCSSWMD) as required under NH RSA 149-M." Walter Shivik amended the article to read $1,500 and it was seconded by Jeremy Riecks. It was mentioned that Peter Oldak and Walter Hill represent the Town on this committee. Peter explained that we are the smallest town in the district and the budget committee of the district came up with a $2,000. minimum fee for participation. South Hampton would be paying a $3. per person

fee while other towns with a population of about 2,000 would pay about $1. Because this seemed unfair to our Town, Walter said they sent a letter to the district requesting that we pay $1,500, which would still be a higher ratio than any other town. They refused this. If we vote the $1,500 and they still refuse, we could appeal to the State. The Selectmen feel if we vote the $2,000, this might set a precedent for using a formula in the actual disposal of waste that would be a burden to the South Hampton taxpayer. Peter Oldak felt that $1,000 would be a better figure. Walter Shivik withdrew the amendment and the second was withdrawn. Larry Baker amended the motion to read $1,000, seconded by Peter Oldak. The amendment was voted and carried. The amended article was voted in the affirmative.

ARTICLE XIX - "To see if the Town will raise and appropriate the sum of $750. for the support of the Seacoast Regional Visiting Nurses Association." Walter Shivik moved to adopt the article as read. seconded by Jeremy Riecks. JoAnn Hill urged support whereas people are being discharged earlier from hospitals than in the past. The article was voted in the affirmative.

ARTICLE XX - "To see if the Town will vote to oppose the burial, storage, transportation and production of high level radioactive waste in the Town of South Hampton and State of New Hampshire; and to call upon Congress to conduct an independent investigation with full public participation into the feasibility and prudence of the U.S. Department of Energy's (DOE's) present plan to dispose of radioactive waste and into the DOE's competence to carry out such a plan." Mike Santosuosso moved that the article be adopted as read by the Moderator, seconded by Ed Condon. The article was voted in the affirmative.

ARTICLE XXI - "Whereas the State of N.H. has at its convenience seen fit to install warning sirens in South Hampton with or without the consent of the Town, I am requesting a vote of the Town to see if South Hampton will rescind all past votes on stoppage of the work on the evacuation plan and let Town officials work with State Civil Defense to establish the best possible plan for us and accept all equipment necessary to carry out the plan. Be it understood that accepting equipment will not necessarily constitute approval of the evacuation plan. By petition of Ed Condon, Fire Chief, and fourteen other registered voters." Ed Condon moved that the article be accepted as read. seconded by Paul Morris. Lutz Wallem asked how can we assure this does not mean the Town approves? Neil Courtney asked if we could accept the equipment without rescinding past votes? Mike Santosuosso understands that if we don't participate we will not receive equipment. Pat Hesselbach felt they would be bound by law to give us this equipment when the plant goes on line. Peter Oldak stated that it's not a matter of money, but principle - we should stay on record as resisting. John Gamble commented that our neighboring towns have accepted and will be using new equipment, making our radios obsolete. Ed Condon requested that the article be amended as follows: "To see if the Town of South Hampton will vote to accept all necessary equipment offered by N.H. Civil Defense and allow all Town Officials to work

with State Civil Defense to establish the best possible plan for South Hampton, N.H. in accordance with Article II, Dec. 1985 Special Town Meeting." The amendment was seconded by Paul Morris and Ed Condon requested a Secret Ballot vote, seconded by Fred Kozacka. The amended article was voted and lost - YES 24, NO 40.

ARTICLE XXII - "To see if the Town will levy a fine of $100 per siren per day against their owners for any sirens erected despite the ordinance passed at the Special Town Meeting in November, 1985, prohibiting such sirens until an evacuation plan calling for them is approved by the Town. Funds raised by said fine shall be deposited in the Evacuation Planning Legal Fund of the Town. By petition of Fred Anderson and ten other registered voters." Lee Knapp amended the article to read "To see if the Town will order Public Service/New Hampshire Yankee to remove the pole-mounted siren they have installed in a Town Historic District. Further, to see if the Town will levy a fine of $100 per day against Public Service Company/New Hampshire Yankee for each day they allow a pole-mounted siren to remain in a Town Historic District after being ordered to remove it by the Town. This fine shall be levied seven days after notification is given to remove the siren. Any funds raised by said fine shall be designated for the Emergency Planning Legal Fund of the Town." The article was seconded by Greg Jardis. Mike Santosuosso commented that the funds must go into the General Fund. Donald Sanborn, speaking for the Historical Commission, said a letter was sent to Public Service on March 4th stating that they did not apply for a permit to install the pole in the Historic District and requesting that it be removed. Mike Santosuosso commented that they have not been able to find out who had the poles installed. Walter Shivik questioned Town Counsel and was advised there is nothing in the article for due process - we could argue the case in court but it is not very defensible. Lee Knapp withdrew the amendment, second withdrawn by Greg Jardis. Peter Oldak commented that if we passed the amendment, we would have a date to go by. Lee Knapp amended the article to read "To see if the Town will order Public Service Company/New Hampshire Yankee to remove the pole-mounted siren they have installed in a Town Historic District. Further to see if the Town will levy a fine of $100 per day against Public Service Company/New Hampshire Yankee for each day they allow a pole-mounted siren to remain in a Town Historic District after being ordered to remove it by the Town. This fine shall be levied seven days after notification is given to remove the siren." The amendment was seconded by Greg Jardis. The amended article was voted in the affirmative.

ARTICLE XXIII - "To see if the Town agrees to participate in the National Flood Insurance Program (NFIP) by directing the Board of Selectmen to complete the eligibility application and submit the required information to the Federal Insurance Administration. Mike Santosuosso moved the article be accepted as read by the Moderator, seconded by Walter Shivik. The article was voted in the affirmative after a brief discussion.

ARTICLE XXIV - Walter Shivik moved that the article be accepted as written in the Town Report (Pertaining to NFIP Regulations), seconded by Neil Courtney. The article was voted in the affirmative.

ARTICLE XXV - Transaction of Other Business.

Wayne Theriault gave a brief report on the Police Department at the request of John Santosuosso.

William Carey requested speed limit signs for Highland Road; Sally Bryant - for Hilldale Ave.

Walter Shivik asked for a vote on use of Modene Heaters. Motion lost.

John Gamble made a motion to see if the Town will hold a Special Town Meeting for the purchase of new radios for the Fire Department. seconded by Fred Lindahl. The Moderator explained that would have to be appealed to the Court. If funding is in the budget and there seems to be an emergency, DRA can approve - does not need approval of Town Meeting. You may vote to inform Selectmen of Town's wishes. Motion voted in the affirmative.

Audrey Miller felt police should do something about speeders.

Peter Bryant moved that the meeting be adjourned, seconded by Ed Condon and so voted.

Respectfully submitted,

Carol A. Baker

Carol A. Baker
Town Clerk

The Trustees of the Library continued to maintain open hours until a new librarian, Mrs. Deborah Meigs, was hired in March. In Spril the Trustees held an open house and invited the Townspeople to meet Mrs. Meigs. She has updated the Youth section, reorganized the shelves, purchased a new set of encyclopedias, borrowed from other libraries to help students with research projects.

The Trustees contracted to have the old fire station removed prior to construction of a renovated library. In the fall bids were solicited from several area carpenters for the project. The response was light and no final decision has been made. Plans call for the foundation to be poured in the spring.

The Trustees will continue to work with the librarian to maintain a facility which will meet the needs of the Town. We thank Mrs. Meigs and Mrs. Annette Krafton for all their help and hard work.

Respectfully submitted,

The Library Trustees

Madeleine Burrill
Linda G. Blair
Martha E. Anderson

LIBRARIAN'S REPORT

I came on as your librarian in March of this year. My first order of business was to register all borrowers and issue library cards which must be used when borrowing any library materials.

A regular overdue notification system was started. No new books may be borrowed until all books are returned and all fines paid.

The Reference and Juvenile sections were completely re-arranged, and some moving around of Adult books was also necessary.

The World Book Encyclopedia and other books were purchased for the Reference section as required for certification. We tried to keep up with the best sellers for adults. Over 400 items including books and magazines were purchased and the Bookmobile Collection were catalogued into the collection with the help of the Trustees.

We borrowed many books from libraries all over the state when whole classes had projects, and also dinosaur books before the whole school went to the Museum of Science. Inter-library Loan is one of the best deals we have! We can borrow either by title or by subject. It greatly increases our resources for patrons.

Library news was published in the Town Crier, and is now being published weekly in the Carriage Towne News.

In April we observed National Book Week with our annual photography contest with prizes provided by the Friends, and in November we observed Children's Book Week. Also in November, the library was presented a certificate of Community Service by the East Rockingham Pomona Grange.

This year we met the basic criteria and were approved as an associate library in the Statewide Library Development Program which will enable us to avail ourselves of many services offered by the State Library and also in the receipt of an annual grant.

The architect's plans for the new library were approved, but the actual construction got bogged down. I hope that we will be in the new building soon which will be more accessible for all.

As your librarian I attended the monthly meetings of the Seacoast Librarians where we swap ideas and suggestions for better serving our patrons. One of these services is the co-op card.

We regularly receive new books and magazines and invite all to visit. The library is open on Monday from 7-9 p.m.; Wednesday from 12:30-4 and 7-9 p.m.; and Thursday from 10:30-3 p.m. I am assisted by Mrs. Annette Krafton.

I could not end this report without offering my heartfelt thanks to the Board of Trustees - Martha Anderson, Linda Blair, and Madeleine Burrill - for all their help this year.

Deborah S. Meigs
Librarian

POLICE DEPARTMENT

ANNUAL REPORT OF THE POLICE DEAPRTMENT

THE YEAR ENDING 1986 WAS A YEAR OF CONTINUED EFFORTS TO UPGRADE AND REORGANIZE THE SOUTH HAMPTON POLICE DEPARTMENT. OFFICERS HAVE ATTENDED CLASSES IN COURT PROSECUTION, BREATHALIZER SCHOOL AND FIRE ARMS INSTRUCTION. ADDITIONAL CLASSES WILL BE ATTENDED THIS COMING YEAR TO HELP KEEP OUR FORCE ABREAST OF NEW TECHNOLOGIES AND EQUIPMENT USED IN POLICE WORK.

ADDITIONAL EQUIPMENT AND EDUCATION, TOGETHER WITH MANY MORE PATROL HOURS LOGGED HAVE HAD A PROFOUND EFFECT ON MOTOR VEHICLE VIOLATIONS AND OTHER POLICE ACTIVITIES.

THE POLICE DEPARTMENT WOULD LIKE TO THANK THE TOWN FOR THE CONTINUED SUPPORT AND THE MANY WORDS OF ENCOURAGEMENT THAT HAVE BEEN GIVEN US IN THE PURSUIT OF OUR WORK.

RESPECTFULLY SUBMITTED,

CHEIF WAYNE THERIAULT

South Hampton

REPORT OF TOWN FOREST FIRE WARDEN AND STATE FOREST RANGER

Between July 1985 and June 1986, we experienced fewer fires than normal. The two leading causes of forest fires were again children and fires kindled without written permission of a Forest Fire Warden. Both causes are preventable, but only with your help.

Please help our town and state forest fire officials with forest fire prevention. Contact your Forest Fire Warden for more information.

Enforcement of a state timber harvest regulation is the responsibility of State Forestry officials. Our state has excellent timber harvest regulations; however, your assistance is needed.

If you know of a logging operation and suspect a state timber harvest law may be violated, call your Forest Fire Warden.

If you own forest land, you became responsible for the timber tax payment starting April 1, 1986. This is a change in the Timber Tax Law that will impact all forest landowners. Contact your Board of Selectmen for timber tax forms.

1986 FIRE DEPARTMENT REPORT

1986 proved to be a busy year for the So. Hampton Fire Department with 51 calls. The men on the department have spent many hours training in fire and rescue techniques. A fire safety program was presented to the students of Barnard School emphasizing the importance of smoke detectors and mapping an escape route in the home in the case of fire. Much work has been put into building a tank truck and, also, nearing the completion of the fire house.

I inspected 14 furnaces and found the majority to be installed properly.. Of the 14 furnaces inspected, 2 were found to be illegally installed and without safety devices. Not only are they dangerous to the occupant, but, also, to the fire fighter that has the responsibilty to shut the malfunctioning furnace down.

The State of New Hampshire now requires all furnaces installed to have a permit issued by the fire department in compliance with RSA 153-5. Without this permit, indemnification by the homeowners insurance company may not take place when furnace malfunctions occur.

The town, also, has the legal right under state law to impend a fine to occupants living in a household without a state permit for the furnace. A large percentage of house fires, reported to us from the State Fire Marshall's Office, are caused by improperly installed oil fired furnaces.

I hope 1987 will be a safe and quiet year for the fire department. Like many other southern New Hampshire towns, So. Hampton is growing with new construction. I hope anyone that has a question on permits when installing their furnace will please contact me first to resolve any problems in the beginning.

Respectfully submitted,

John A. Gamble

SOUTHEAST REGIONAL SOLID WASTE DISTRICT

In 1986, Walter Hill and I attended monthly meetings and received a great deal of information on different approaches to solid waste disposal. At the end of 1986, it was voted to merge our smaller district with two other districts and form a committee of 21 towns. In forming this district, it was felt that we would have more to offer a vendor in developing a resource recovery facility, as these facilities require a large volume of solid waste.

We are also in the process of changing from an RSA 149-M district to a RSA 53-B. The reason for this change is to enable the committee to agree to contracts, land purchases and etc. This process must be done by law as we are now beginning to hear presentations by different vendors. You will find this proposal in Article 18 of the 1987 Warrant.

The cost assessment of this committee (RSA 53-B) to each town will be done by population. This you will also find in Article 19 of the 1987 Warrant.

As we progress further on this project, we will try to keep the town informed on all important matters. If you have any questions feel free to give me a call.

Respectfully Submitted

Tim Hoyt

REPORT OF THE CONSERVATION COMMISSION

The concept of Prime Wetlands Designation was the impetus for the reorganization of the Conservation Commission. The Commission will be exploring the interest and willingness of residents to support and participate in a Prime Wetlands project.

Prime Wetlands Designation is a further refinement of wetland areas. The soils must be very poorly drained types. Designated areas must be five or more acres in size. Rare species of flora and habitats for rare or endangered species of wildlife are considered.

The Commission will be actively involved in the process of "Dredge and Fill" permits. We have recently implemented a notification procedure between applicant, State and local Commission. We also recognize the need to be of assistance to other boards of the Town and will adopt a formal communication network.

Residents are reminded that land of all types may be placed in trusts, conservation or other protective shelters through donations, purchase agreements and current use provisions. We hope to develop a public information program to discuss various mechanisms for conservation.

The Commission needs your interest, support and participation to meet the goal of conserving and preserving some of South Hampton's natural resources.

Respectfully,

Peter Stackhouse
William Donovan
Mary Mertinooke
Albert Eaton
Ellen Cressey, Consultant on
Legislative Affairs

Rockingham Planning Commission

121 Water Street, Exeter, N.H. 03833 (603)-778-0885

South Hampton received a variety of assistance from the Rockingham Planning Commission during 1986. The following is a brief description of Commission assistance.

1. Met with a Planning Board member to discuss a proposed subdivision in South Hampton and provided advice on how to handle the application.

2. Provided various individuals with information on the National Flood Insurance Program and met to discuss how to get the Town into the program.

3. Met with Planning Board member to review what maps of South Hampton were available in our files and provided him with copies of maps.

4. Conducted a review of South Hampton's contract with a solid waste hauler and provided our comments and advice on the advisability of entering into such a contract.

5. Met with 2 Planning Board members to discuss a variety of planning issues that were of concern to the Town.

6. Upon request, prepared an analysis of work required to bring the present Master Plan up to present standards and provided a cost estimate for the work to be completed by the Commission.

7. Spoke with citizen about school conditions in South Hampton and how to obtain school enrollment projection figures.

As a member of the Rockingham Planning Commission, South Hampton also benefited from a wide variety of services beyond those listed above.

Annual Report, 1986

TO: THE CITIZENS OF SOUTH HAMPTON, NEW HAMPSHIRE

The year 1986 was a very productive one for the South Hampton School Board.

Several problems were recognized, addressed and some were solved. It became apparent to us that others exist and will require much time and effort in the ensuing years to insure that our students receive the most comprehensive and effective education possible. This report briefly describes what we have accomplished; what we are working on and what will require our attention in the future.

The Board members served on several SAU wide committees. Ms. Patricia Hesselbach was South Hampton's representative to the New Hamsphire School Board's Association. She attended a statewide School Board Conference in April which provided the School Board with information regarding education in the State of New Hampshire.

Ms. Judith Shivik was South Hampton's representative for negotiations with the Seacoast Education Support Personnel Association which met several times throughout the year dealing with contract negotiations for salary and language.

Ms. Margaret Miller served as South Hampton's representative for teacher negotiations and also to the Administrative Operations Committee. She was Chairperson for SAU #21 Joint School Board.

The AOC of the SAU interviewed and recommended for hiring Assistant Superintendent Mr. Leon R. Worthley and a new Business Manager, Mr. Fred Engelbach.

During November the Joint Board held their Annual Budget Hearing, at the South Hampton Town Hall.

For the first time, Amesbury's School Committee traveled to South Hampton and met at the Barnard School with the South Hampton School Board. We discussed our working relationship and ways in which it could be strengthened. Out of this meeting came the following agreements:

1. A South Hampton staff member would sit on Amesbury's Curriculum Development Committee to assure that our Curriculum is compatible with Amesbury's;

2. Amesbury pledged their support in helping our interested students to gain admission to Whittier Vocational Technical High School;

3. A Monthly Event Calendar of High School activities will be sent so that it may be published in the South Hampton News;

4. A quarterly update on our student's progress will be received to better aid us in measuring the effectiveness of our programs;

5. Amesbury agreed to have a Guidance Counselor visit the school more frequently if we feel the need.

At the opening of school it was brought to the attention of the Board, that a serious space problem existed in the first and second grades. In addressing this problem, it became apparent that this situation would follow this larger class throughout its years at Barnard and would include problems of class areas, traffic flow and safety. The Board decided to obtain citizen input and requested the School Needs Committee to reconvene and study the problems and return a report with options for dealing with said problems. At the same time, the School Board was focusing primarily on the first and second grade space problem. Based on Board research and the School Needs Committee Report, the Board decided to do the following:

1. Met with the Barnard School Trustees several times and brought them up-to-date. The Trustees were very helpful and agreed to commit a sum of money for structural improvements in the building.

2. Conducted an engineering, safety and programmatic study at the school. Two consultants from the State Education Department and SAU Business Manager, in conjunction with a local engineer and a local contractor, were asked to conduct the study.

3. Looked into possible immediate handling of the space problem in first and second grades by:

a. Renting Masonic Hall in Amesubry - not feasible.

b. Use of Baptist Church - over scheduled now.

c. Renting space at the Sacred Heart School in Amesbury - the Board met with parents of involved students who felt it was not a viable solution.

4. Buy portable classrooms that would alleviate the immediate space problem temporarily. It would also solve the problem of getting students off the stage in the Town Hall. The portable classrooms, being a temporary solution, could be eventually resold by the Town or used in some other way.

Based on all research, and study reports, the School Board decided to place two articles on the Warrant for your consideration at the March District Meeting.

Your School Board would like at this time to thank all of the citizens, consultants, staff, and members of the Barnard School Trust, School Needs Committee and the SAU #21 that worked with us to assess these problems.

Sincerely,

Margaret Miller, Chairperson
Judy Shivik
Pat Hesselbach

South Hampton, N. H.
March 4, 1986

The Annual South Hampton, N. H. School District Meeting was called to order at 8:08 p.m. by Moderator Horace Cressy with 18 voters, and 3 staff members of Barnard School in attendance. The warrant now attached to page 252 was read.

Margaret Miller moved to allow the representatives from the SAU #21 office and Principal Terry Marinos to speak on matters of fact if called upon. Seconded by Audrey Miller. Voted in the affirmative. All in favor.

Article I. Patricia Nelson moved that the District raise and appropriate the sum of $413,600 for the support of schools for the salaries of School Officials and Agents and for the payment of the statutory obligations of the School District. Seconded by Judith Shivik.

Mrs. Nelson stated this was an increase of $13,784 as account 1100-1103 series left out $784 for teacher benefits and account 1200-5600 special education out of district placement,the amount of $13,000. Mrs. Nelson then went over the budget line by line. Various comments, and questions by people were answered. This article was voted in the affirmative. All in favor.

Article II. Judith Shivik moved that this article be accepted as printed. Walter Hill seconded. Voted in the affirmative.

Article III. Michael Santosuosso noted that the records should be changed to show that the polls will open at 1:00 p.m. and not 12 noon. So noted.

Walter Hill thanked Patricia Nelson for her many years of service and time on the board. Her 9 years of service were appreciated.

Margaret Miller thanked Pat for her changing and making improvements to our education, working to get our students into the Exeter VocTech School, being active in computer education with the students and working with the committee to look at area high schools and getting a long term contract with Amesbury. She was then presented a plaque.

At 8:50 p.m. John Santosuosso moved to adjourn the meeting. Walter Goldthwaite seconded.

Respectfully submitted,

Audrey G. Brunet, Clerk

Newly Elected School District Officers
South Hampton School District
1986

MODERATOR	- Horace T. Cressy Main Avenue Box 158 South Hampton, NH 03827	133 Votes
SCHOOL CLERK	- Audrey G. Brunet Hilldale Avenue Box 179 South Hampton, NH 03827	139 Votes
SCHOOL BOARD MEMBER	- Patricia Hesselbach Woodman Road South Hampton, NH 03827	(Write-In) 75 Votes
SCHOOL TREASURER	- Nancy F. Dixon Chase Road Box 30 South Hampton, NH 03827	138 Votes

To the Citizens of South Hampton:

Principal Terry Marinos has pointed out, "Barnard School may be at a turning point in its history." If this is the case, and growth in the area appears to indicate it may very well be, then the citizens, staff, and School Board will find it beneficial to work together to chart the course of education in South Hampton for the years ahead.

The process has been started by the School Board and the School Needs Committee. It is hoped this effort will continue in the months and years ahead so the education of the children of South Hampton can be maintained at a level of excellence.

Respectfully submitted,

Norman C. Katner
Superintendent of Schools

SALARY SHARES OF SUPERINTENDENT, ASSISTANT SUPERINTENDENT, AND BUSINESS MANAGER

The following figures show the salaries and the proportionate share paid by each school district in School Administrative Unit #21 for 1986-87.

	Superintendent	Assistant Superintendent	Business Manager

AUDITOR'S REPORT ON FINANCIAL PRESENTATION

To the Members of the School Board
South Hampton School District
South Hampton, New Hampshire

We have examined the general purpose financial statements of the South Hampton School District as of and for the year ended June 30, 1986, as listed in the table of contents. Our examination was made in accordance with generally accepted auditing standards and, accordingly, included such tests of the accounting records and such other auditing procedures as we considered necessary in the circumstances.

As described in Note 1B, the general purpose financial statements referred to above do not include the General Fixed Asset Group of Accounts, which should be included to conform with generally accepted accounting principles. The amount that should be recorded in the General Fixed Assets Account Group is not known.

The general purpose financial statements referred to above do not include the financial activities of the Student Activities Fund, which should be included to conform with generally accepted accounting principles.

In our opinion, except that omission of the General Fixed Asset Group of Accounts results in an incomplete presentation, as explained in the above paragraph, the general purpose financial statements referred to above present fairly the financial position of the South Hampton School District, at June 30, 1986, and the results of its operations for the year then ended, in conformity with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

Our examination was made for the purpose of forming an opinion on the general purpose financial statements taken as a whole. The accompanying financial information listed as supporting schedules in the table of contents is presented for purposes of additional analysis and is not a required part of the financial statements of the South Hampton School District. Such information has been subjected to the auditing procedures applied in the examination of the general purpose financial statements and, in our opinion, is fairly stated in all material respects in relation to the financial statements taken as a whole.

A. Bruce Carri CPA

August 19, 1986

CARRI PLODZIK SANDERSON
Professional Association

I hereby submit my report as principal of Barnard School.

The projected enrollment figures for the 1987-88 school year are as follows:*

Grade 1 -	10	Grade 5 -	7
Grade 2 -	15	Grade 6 -	9
Grade 3 -	17	Grade 7 -	10
Grade 4 -	8	Grade 8 -	11
			87

*New students moving into South Hampton will change these figures.

The year 1986-1987 seems to be one of transition. Our school enrollment has gone from 75 in 1985-86 to 92 in 1986-87, with over one-third of the student body registered in grades one and two.

Starting this winter after-school enrichment opportunities will be offered to the Barnard School students. Groups will be divided by grades, and all students will be invited to participate in appropriate activities.

The purpose of the program is to permit students to build on their own abilities and talents. Barnard School staff members will coordinate and supervise this program.

Our computer program at the Barnard School continues to grow. While computers have to be shared by grades, all students are participating in their use. Computer use begins in grade one, where children learn to operate the computers. Skills increase at each grade level, with older students using word processing to write reports. Critical thinking skills are developed through the use of appropriate software.

Staff members are also increasing their computer knowledge through workshops and courses.

Barnard School may be at a turning point in its history. The town population appears to be increasing, and the school population as well. Parents, faculty and townspeople are all concerned with maintaining high academic standards for our school and are willing to commit time and effort to this end.
